The Custom Hawley Retainer is made from high-quality stainless steel and acrylic. These materials provide durability and longevity, ensuring that the retainer lasts for a long time. The acrylic also makes the retainer comfortable to wear, preventing any discomfort or irritation in the mouth.
The Custom Hawley Retainer is specifically designed for orthodontic treatment. It helps to stabilize teeth after braces or aligners, preventing them from shifting back to their original position. The retainer is also effective in closing minor gaps and correcting minor bite issues.
One of the best things about the Custom Hawley Retainer is its removability. You can easily take it out when you need to eat, brush your teeth, or floss. This makes it easy to maintain good oral hygiene and prevent any bacteria buildup in the mouth.
Our retainer is also highly customizable, allowing you to choose the design and color that suits your preferences. You can choose from a wide range of colors, including clear, pink, blue, green, and more. This makes the Custom Hawley Retainer perfect for those who want a retainer that reflects their personality.
In summary, our Custom Hawley Retainer is a highly customizable, removable retainer that is perfect for orthodontic treatment. Made from high-quality stainless steel and acrylic, it is durable, comfortable to wear, and effective in stabilizing teeth. With a wide range of color options, you can choose a retainer that reflects your style and personality.

Applications:

ADL's Hawley Retainer is a customizable product that is perfect for individuals who desire a comfortable and effective oral appliance. Made from high-quality stainless steel and acrylic, these retainers are designed to fit the unique contours of each individual's teeth, ensuring a comfortable and snug fit.
These custom Hawley retainers are perfect for a wide range of applications, and can be used in a variety of different scenarios. They are ideal for use as a post-orthodontic treatment, to help maintain the position of teeth after braces or other corrective devices have been removed.
The Spring Hawley Retainer is also a great option for individuals with bruxism, or grinding of the teeth. By wearing a removable retainer at night, patients can help to protect their teeth from the damaging effects of bruxism.
These retainers are also ideal for use in cosmetic dentistry, as they can be customized to fit each individual tooth. Whether you are looking to straighten your teeth or correct a dental issue, the Spring Hawley Retainer from ADL is a versatile and effective solution.
Our retainers are easy to clean and maintain, ensuring good oral hygiene. They come packed in plastic bags and boxes, and can be delivered within 72 hours of placing an order. Payment can be made through Paypal or T/T, and we offer negotiable pricing and minimum order quantities.
At ADL, we pride ourselves on our commitment to quality and safety. Our Spring Hawley Retainer is certified to meet ISO, CE, and FDA standards, and is produced in our state-of-the-art facility in Shenzhen, China. With a supply ability of 630 technicians, we are able to meet the needs of our customers with ease.
